

The RNC recently released information on the opening prayers for the upcoming Republican Convention.

OPENING PRAYER read by Mel Gibson, while being flogged with a spiked leather strap wielded by Ann Coulter, who will enjoy it a little.

August 31

OPENING PRAYER by the REVEREND JERRY FALWELL who will demonstrate the spirit of Compassionate Conservatism(tm) and the eternal mercy of God by wishing a horrible fiery death and an eternity in the pit of hell for all non-white, non-male, non-Christian, non-heterosexual non-Republicans.

This from today's New York Times, the EPA is releasing advertisements which belittle the idea that choices we make concerning our cars can positively impact energy use or the environment:

This reminds me of Dick Cheney commenting that "Conservation may be a sign of personal virtue, but it is not a sufficient basis for a sound, comprehensive energy policy." Of course California then went on to conserve its way out of an energy shortage created by Bush friends.
