

This blog has the second highest rank for the search phrase "Designer Bev Nap". Seems as though "Bev Nap" is a seldom used phrase on the web, and "Designer" just makes it rarer. UPDATE - April 10, 2007: Fortune's Pawn has achieved Google notariety, now the highest, and second highest, ranking results for the search term "[bev nap](#)". A hearty thank you to the universe from all of us here laboring in Fortune Land!
