

“Sarkozy Visits, and Britain Falls for His Wife” trumpets the Grey Lady. **Pawn** has been gone from those shores for only a few weeks, and the British public and press have already moved on, casting their affections to their French cousins. Sacrebleu! Was she the new Kennedy-Onassis or a reborn Diana? With her flat Dior pumps and calf-length gray overcoat, was she a high-school student on vacation, or, as one columnist asked, “Jackie O dressed as a nun”?
