*Translates as "The Truth About Monte Verita"*

I am trying to get to see *The Truth About Monte VeritÃ*, as it sounds right up my alley.Â Here's is how it's described:

An interactive expressionistic silent movie installation and a live performance, inspired by dadaistic poetry and Rudolf von Laban's eight efforts and movement theory, the piece focuses on the artist colony "Monte VeritÃ", one of the most significant sources of alternative movements in the 20th century and place of utopian escape.

And here's a video trailer:

**Update:** I've heard back from Dorky Park, and there is a ticket with my name on it waiting for Saturday's performance.Â I can't wait!! ☐
